

Alixirchem Pvt. Ltd

Innovative Solution for Farming

Established in 2019, **ALIXIRCHEM** is a dynamic and rapidly growing multinational company specializing in agrochemicals, fertilizers, and plant growth regulators. With operations in the **USA, Australia, India,** and the **UAE,** our mission is to deliver effective, innovative, and sustainable solutions that empower farmers worldwide, enabling them to increase productivity while preserving the environment. Our products include a wide range of herbicides, fungicides, insecticides, plant growth regulators (PGRs), and fertilizers, all crafted with the utmost regard for both human safety and environmental sustainability.

Our Global Presence

- **ALIXIRCHEM LLC(USA)** 212 W Russell St, Saline, MI 4816
- **ALIXIRCHEM AUSTRALIA (Australia)** PO Box 3170 Wallacia, NSW-2745

A vertical image on the left side of the page showing a lush green field of crops, likely corn, under a bright, hazy sky with some clouds and birds flying in the distance. The lighting suggests a sunrise or sunset.

Our Vision

At **ALIXIRCHEM**, we are committed to keeping our earth clean and green. We believe that farmers are our best partners, and through our mutual collaboration, we aim to ensure the long-term health of our planet. Our vision is to be a global leader in the agrochemical industry, setting benchmarks in product quality, service, and customer satisfaction.

Innovation & Patents

ALIXIRCHEM's New Product Development (NPD) wing constantly works on innovating new solutions to meet the changing needs of modern agriculture. The company has filed its own patents, and within the next two years, we plan to bring our patented products to market, further strengthening our portfolio and leadership in the agrochemical industry.

Leadership

The strength of ALIXIRCHEM lies in its leadership

Mr. Ajit Gujral
Managing Director

with over 40 years of experience in the agrochemical sector, has been instrumental in guiding the company with his vast knowledge and deep understanding of the field.

Mr. Jignesh Joshi
Executive Director

brings more than 16 years of expertise in brand management, which has helped in building a solid foundation for the company's growth and expansion globally.

Global Presence & Market Growth

With fully operational offices in the **USA** and **Australia** and channel partnerships in the **UAE**, **ALIXIRCHEM** is at the forefront of the global agrochemical export-import business. Our turnover currently stands at INR 150 crore, and we are projecting significant growth, aiming to reach INR 300 crore in the next two years and INR 500 crore within five years.

Commitment to India

ALIXIRCHEM is already operating in 10 Indian states and, within the next three years, plans to expand its footprint across the entire country. We have long-term plans to convert the company from a private limited entity to a publicly listed one, offering ownership to the wider public while increasing transparency and trust. Additionally, within two years, we will establish our own manufacturing unit, shifting from our current P2P model.

Core Values

At **ALIXIRCHEM**, we uphold strong ethical values, ensuring that all our business activities are conducted with the highest standards of integrity and responsibility. Our unwavering commitment to quality, innovation, and customer satisfaction drives everything we do. We are proud of the efforts and dedication of our professional team, whose experience and expertise continue to play a critical role in the success and growth of the company.

Looking Ahead

ALIXIRCHEM is not only focused on expanding its product offerings and geographical reach but also on becoming a trusted partner in global agriculture. With our long-term vision and strategic planning, we are poised to make a significant impact in the agrochemical sector, both locally and internationally.

We remain committed to providing the best solutions for farmers and contributing to the well-being of our environment.

We look forward to serving our customers with dedication and innovation, as we continue our journey toward global leadership in the agrochemical industry.
